

Environmental footprint of an egg production system

Technical cooperation Naturovos,
DSM Sustell & Programa Ovos-RS

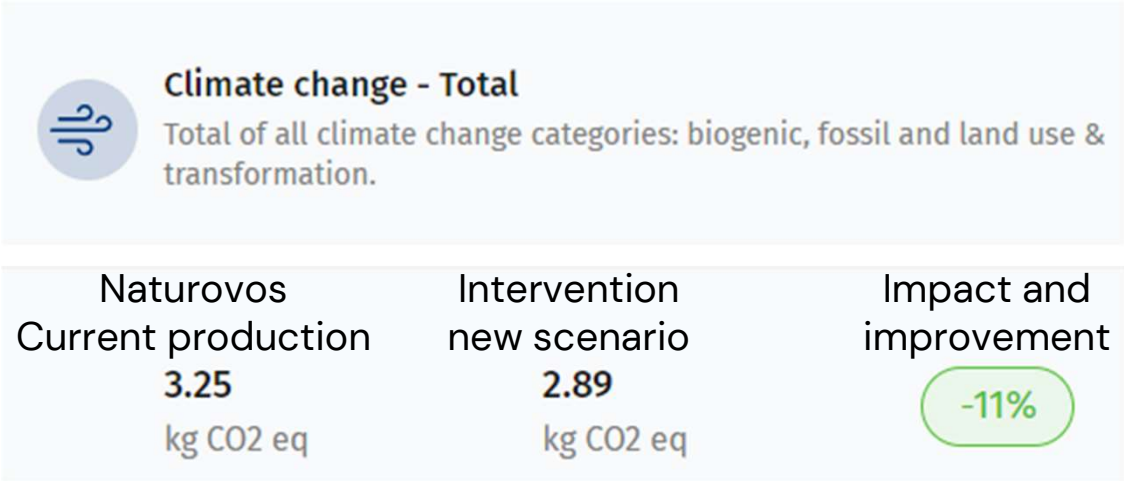

Conbrasul, June 2023

Jose Francisco Miranda, Priscila Pereira

Eggs – Results on the Sustell™ platform
Footprints calculated per kilogram of egg produced

Opportunities for footprint reduction
Specific actions for objective results

- Change in feed use and composition
- A single proposal enables an 11% reduction in total GHG emissions

We bring progress to life™
